FISCO
Le entrate tengono (+0,9%)
Effetto congiuntura su Ires e Iva
di Luigi Lazzi Gazzini

Secoli fa, prima che cominciasse la pichiatata dei listini, qualcuno poteva ancora pensare ai commercialisti come a un elemento non determinante nell'attività di un'impresa. Immaginandoli come lo speciale tramite tra le società e quel socio vorace che il Fisco. Ambasciatori della controparte erariale, capaci di interpretare le scritte sibilline del Testo unico e al tempo stesso di contenerne l'invadente. Secoli fa, quando non era nemmeno immaginabile che alla frenata dei mercati sarebbe seguita quella dell'economia, si poteva anche pensare che la correttezza dei rapporti tra Fisco e contribuenti fosse un problema "tecnico", che si poteva lasciare a quei "tecnicisti" dei commercialisti.

Gran rimbalzo, ieri, per le Borse di tutto il mondo, trainate dai titoli bancari. Wall Street (+6,3%) è salita in scia all'annuncio del ritorno all'utile di Citigroup. In Piazza Affari (+6,9% ISEq/Mib) positiva accoglienza per i Tremonti-bond: dopo il Banco Popolare (1,45 miliardi) si attendono le richieste di Intesa Sanpaolo (1,1) e UniCredit (1,1).

PANORAMA
Berlusconi: votino i capigruppo
Fini: la proposta cadrà nel vuoto
Silvio Berlusconi avanza una proposta di modifica dei regolamenti parlamentari: per snellire le procedure ogni capigruppo potrà esprimere un voto che rappresenti l'intero gruppo. Il presidente della Camera, Gianfranco Fini, bocchia subito l'idea («Impossibile, cadrà nel vuoto») e si definisce invece «non remota» l'ipotesi di Berlusconi al Quirinale. Il Pd attacca dal premier pulsioni autoritarie. Di Pietro: evitiamo un Saddam Hussein italiano. • pagina 16

Caffarella: arresti revocati, ma romeni ancora in carcere
I due cittadini romeni Alexandru Izoizita Loyos e Karol Race non sono responsabili dello stupro avvenuto nel parco romano della Caffarella il 14 febbraio scorso ma restano in cella per altri reati. Lo ha deciso il Tribunale del Riesame di Roma. • pagina 17

L'impegno richiesto cresce da molti anni, anche con strappi significativi: il 740 cartaceo e lunare è stato sostituito da un utilizzo massiccio della telematica, che ha velocizzato i rapporti con l'amministrazione ma ha complicato non di poco le richieste di competenza e di tecnologia, che vedono il nostro Paese all'avanguardia in Europa. Le riforme e i ritocchi alle riforme - tributaria, societaria, fallimentare - hanno imposto la formazione permanente come necessità, più che come obbligo deontologico. È più di recente, nel dicembre del 2007 (secondi fa, appunto) il legislatore della Finanziaria ha aumentato le responsabilità per gli adempimenti tributari (si rischia il 30% del compenso, per l'omesso giudizio sul bilancio). E più crescono i comportamenti in violazione di norme imperativi, con i commessi aspetti sanzionatori, più ampio è l'intervento dell'Ordine professionale in ambito disciplinare, a tutela non solo dell'immagine, ma del ruolo svolto dai professionisti nella società. Anche se la crisi non fosse mai stata, la presa in carico dei conti del 2008 sarebbe stata già ben lontana dai semplici formalità.

Diventa permanente il regime agevolato che fissa al 10% l'aliquota Iva per le ristrutturazioni edilizie. Doveva scattare nel 2010. Lo prevede l'accordo raggiunto a Bruxelles dall'Ecofin. La Giustizia regionale del Veneto ha approvato un DdS sull'edilizia che anticipa il piano del Governo: possibile ampliare le abitazioni di residenza del 20% rispetto all'attuale esistente. La multa degli ausiliari finisce confinata tra le strisce blu
di Giovanni Negri

Le multe a tutto campo degli ausiliari del traffico non piacciono alla Cassazione. Che, a Sezioni unite, sciogliendo un nodo che si trascinava da tempo, le ha confinate all'interno degli spazi contrassegnati per i parcheggi.

Per i giudici, se l'ente pubblico abdica all'accertamento delle violazioni stradali a favore di "privati", lo fa in via del tutto eccezionale, senza che siano possibili allargamenti al di là dei limiti previsti dalla legge. Anzi, ogni interpretazione estensiva va considerata un abuso e non è giustificata certo nel nome del diritto alla riscossione delle tariffe stabilite.
